

# FORTUNE / LAKESHORE MULTI-USE TRAIL

Osceola County, FL | Financial Project ID Number: 437481-1-38-01  
Federal Aid Number: 8886-799 A

## PROJECT DESCRIPTION

The planned multi-use trail is located along Fortune Road from US 192 to Lakeshore Boulevard and along Lakeshore Boulevard from Fortune Road to Columbia Avenue for a total distance of approximately 6.9 miles. The project involves design for the construction of a new multi-use trail and pedestrian bridge over the C-31 Canal. The 10-foot-wide asphalt trail will be constructed throughout the length of the project area with several short exceptions:

- Just west of Bill Beck Boulevard where a 10-foot-wide asphalt trail already exists
- Along the bridge over the Turnpike (The trail will be incorporated in the new bridge over the Turnpike when constructed.)
- To the west and east of the Simpson Road intersection, where a 10-foot-wide concrete trail will be constructed as part of the Fortune-Simpson Road intersection project

The trail will be located along the south side of Fortune Road and continue along the west side of Lakeshore Boulevard until approximately 0.3 miles south of Remington Boulevard, where the trail will cross to the east side of the road. From this point, the trail will continue along the east side of Lakeshore Boulevard and cross over Partin Settlement Road at the existing traffic signal and continue south along the west side of Lakeshore Boulevard for approximately 800 feet, then crossing to the east side. After this crossing, the trail will remain on the east side of Lakeshore Boulevard to the southern project limit just north of Columbia Avenue.

Existing crosswalks will be restriped at eleven locations where the trail crosses a side street. Five new crosswalks will be added along Fortune Road and Lakeshore Boulevard. Two of the crosswalks will be located at existing side streets (at Marlo Road on Fortune Road and at the back entrance to the Legacy Park gated community on Lakeshore Boulevard) and three will be across Lakeshore Boulevard at the points where the trail crosses the roadway (at the back entrance to the Legacy Park gated community, at Partin Settlement Road, and at ~800 feet south of Partin Settlement Road).

The new pedestrian bridge over the C-31 Canal will be 145 feet long and 10 feet wide, with 40-45 foot-long ramps on either end and guardrails along both the bridge and the ramps.

As a result of the trail construction, some utilities will need to be adjusted and several trees will be removed.

## PROJECT WEBSITE

We strongly encourage you to visit the project website located at [www.osceola.org/go/fortunelakeshore](http://www.osceola.org/go/fortunelakeshore) in order to view all of the pertinent project information. Included on the project website is a detailed map series showing all of the improvements associated with this project.

## ESTIMATED SCHEDULE

Design Complete: **Early 2021**

Right of Way Acquisition: **Summer 2020 – Summer 2021**

Construction Procurement: **Spring 2021**

Construction: **Summer 2021 – Fall 2022**
