for our upcoming open houses for the

OSCEOLA COUNTY VISION ZERO ACTION PLAN

This Vision Zero Action Plan is under development to address traffic deaths and serious injuries in our community, and will identify high injury network locations, educational programs, and priority safety projects that can help make roads in Osceola County safer for all.

This is the second round of community open houses for the Action Plan and will include information related to potential safety improvements on our roadways.

Each meeting listed below will present the same content, but in a different location to provide consistent information to residents throughout Osceola County.

May Open House #1

Monday, May 20, 2024
5:00 to 7:00 pm
