Signature: \_\_\_\_\_ Date: \_\_\_\_\_

- Proof of ownership of property is required or copy of notarized authorization
- Provide a sketch/layout showing the location of the proposed driveway to include width, flared ends, Distance from property line, distance to edge of the roadway. If a 2<sup>nd</sup> driveway is proposed provide distance between the two driveways and the distances to property lines and easement
- When widening existing driveway all easements must be shown in location of proposed driveway
- Failure to provide the necessary information will delay/stop the review process
- The \$165.00 driveway fee is required when permit is issued
- **Max width of Driveway connection at roadway is 24ft not to include the flared end dimension**

**Typical Driveway Culvert Diagram**

**NOTES:**

1. PIPES TO BE USED FOR DRIVEWAY CROSSINGS OF OUTFALL PIPES WITHIN COUNTY RIGHT-OF-WAY SHALL BE MINIMUM FIFTEEN (15) INCHES WITH MITERED ENDS LDC 4.5.3.F1.b
2. THE CULVERT LENGTH SHALL BE FORMULATED FROM THE DRIVEWAY WIDTH ALONG WITH THE SLOPE DIMENSIONS AND MITERED END SECTIONS.
